Support services are available Monday through Friday, from 9 AM until 6 PM, excluding major holidays, and are scheduled on a first-come, first-served basis, with priority given to “entire system down” critical calls, then Managed Service customers, and lastly, impromptu/unscheduled support. Supported operating platforms include Professional Editions of Microsoft Windows 7, Windows 10, and Windows Server 2008 R2, and above. All NCR Counterpoint 8.4.6 and later versions are supported. **Important note:** Computers operating on Windows 95/98/NT/2000/2003/XP/8/8.1/Vista/2008 or any Home Editions of Windows are supported at **2x** published rates. **NCR Counterpoint V7 NCR CounterPoint versions (8.4.5 and earlier)** are also supported to the degree possible, but at **2x** published rates; regular rates still apply if fees are related to upgrading to a supported version. Any/all vendor fees incurred for old versions will be passed through to the end user.

Time and Materials (T&M) - Telephone and on-site support for stand alone, multi-user, or networked installations are billed at **standard rate as disclosed above for all activities. All time spent is billable – no exceptions.** Billing charges begin from the time the technician arrives on-site (or logs onto system remotely) plus a minimum trip charge of \$25. If one-way travel exceeds 20 miles from the Relentless Solutions office, the trip charge will be based upon actual travel time charged at the prevailing rate, one-way, door to door. Trip charges do not include parking and tolls. These will be added to the invoice. Time billing begins upon arrival, whether or not client staff is available at that time and for remote or phone support calls, at the beginning of the session. Travel expenses including but not limited to parking, tolls, fuel (outside Miami-Dade and Broward), are not included and will be billed separately. The minimum charge for on-site services is one hour, not including the trip charge, and 6-minute increments thereafter. The minimum charge for telephone or remote support is 6 minutes. Parts used in the process of completing the service call are chargeable. **If multiple technicians are on-site at any given time, every technician’s individual time is chargeable.** Permanent, 24-hour remote access to client systems via Remote Desktop, Terminal Services, or Citrix, or any of our remote support tools is required for remote support. Please keep our office schedule shown above in mind when scheduling or requesting work. At our sole discretion, if we elect to work after hours, you will be billed at standard rates.

Terms of Payment for Support Services - Payment is due at the time services are rendered. Please be prepared to pay for the work immediately upon completion if there are no prepaid services dollars available in your account. A credit card or bank account must be on file for all customers. We will notify you via email of any charges on your card, and if your card is declined, we will contact you to give us a different card. **Any prior outstanding balances must be settled in full before a technician will return a call or go on-site.** If you have an outstanding balance and you need support, contact us to make payment so that we can expedite your service request. **No work will be performed regardless of the severity of any issue if there is an outstanding balance on your account.**
